

MISSION STATEMENT

Control Services, Inc. is the oldest and largest independently owned, full service automation and security company in Nebraska. We specialize in fully integrated and leading edge technologies to serve the needs of our commercial, institutional and industrial customers.

We are committed to provide high quality service that exceeds our customers' expectations. This will be accomplished by offering design, installation and service solutions for our customers' automation and security requirements, whether for conventional, specialized or unique applications. Our focus is educating our employees and customers on the use of these technologies to optimize building performance and equipment efficiency for occupant comfort and safety.

Through the quality of our workmanship and professional pride, we will strive to establish a long term, win-win relationship through repeat business. By adding value to our customers' and Control Services' businesses, we will promote an environment for employee stability and growth.
